

CAMP DREAMCATCHER NEWS

Winter 2011

YEAR-ROUND PROGRAMS FOR CHILDREN WHOSE LIVES HAVE BEEN TOUCHED BY HIV/AIDS

Dear Friends,

I've spent a lot of time reflecting on what we've accomplished over the past 15 years. Camp Dreamcatcher has served **3,229** HIV/AIDS impacted youth and **3,920** volunteers have offered their hard work, love, time and energy to make a positive impact in the lives of children coping with this devastating disease.

The following is a list of what we have accomplished over the past 15 years:

- We have provided 16 camp sessions and 19 weekend retreats to children and families coping with HIV/AIDS
- We have provided 30 Reunion Events and Support Groups for HIV/AIDS impacted children and their families
- 1,825 children have attended our therapeutic and educational camp sessions
- 1,060 children have attended our weekend retreats, support groups and reunion events
- 360 children have been served through our holiday Adopt-a-Family Program
- 820 counselors have attended our HIV/AIDS & Diversity Training
- HIV/AIDS education and outreach has been provided to 300 schools and community groups, reaching over 10,000 people
- **Total volunteer hours just for the camp sessions since 1996: 127,440**
- **Total volunteer hours for other programs since 1996: 2,245**
- **TOTAL NUMBER OF VOLUNTEER HOURS SINCE INCEPTION: 133,361**

Our accomplishments are a reflection of the commitment of our volunteers. I thank you from the bottom of my heart for the love and compassion you provide to the children throughout the year. I also want to thank our counselors for raising \$22,400 through the Counselor Challenge this year, which sponsored 47 children to our camp session in August! We welcomed 127 campers and 253 counselors, medical personnel, professionals and community members volunteered during the camp session. This summer, each camper completed psychological questionnaires and the results illustrate the positive impact of our programs. I want to thank Dr. Dahra Jackson Williams, and the students from La Salle University, for facilitating this important study. Some of the results are included in this newsletter.

The following quote is by Lao Tzu "Kindness in words creates confidence. Kindness in thinking creates profoundness. Kindness in giving creates love". I thank you for the unconditional kindness and love you have given to the children served by Camp Dreamcatcher.

Patty Hill Kirk

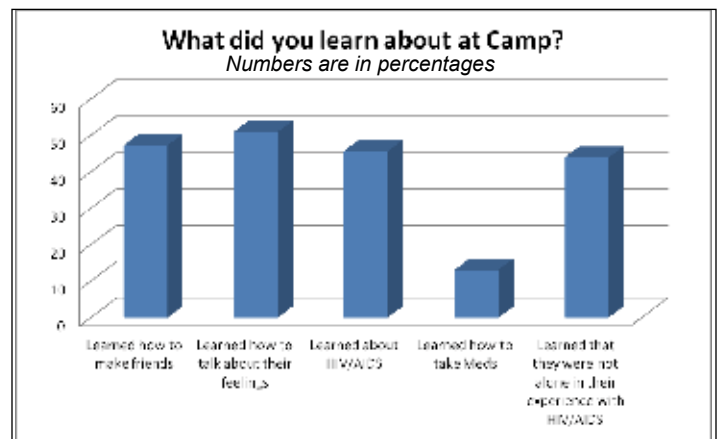

Founder/Executive Director

One Camper's Story

Being seventeen and HIV positive has affected me in so many ways. One way I've learned to deal with being HIV positive was through my friends and family. While growing up, I had a lot of support from a camp called Camp Dreamcatcher. This organization has helped me in many ways on a daily basis with many problems.

Being at camp, I felt safe not only because I knew I was understood there, but also because camp was a place of fun while facing hard times. There were a lot of tears rolling down faces, but at the same time there were a lot of smiles, it helped me to feel at home. Funding camp is very important because I want other campers to be able to have the same experience that I have had there because it is a wonderful one. It's a safe place where you can express yourself and we need funding to continue what good things have happen at camp.

The best part of having Camp Dreamcatcher in my life is that I know that I am always surrounded with loving, caring people. I know that if I need them, they are right there no matter what. Even though being HIV positive is a challenge on a daily basis, Camp Dreamcatcher helps me get through my challenges.

- 88% of the campers said that they find it easier to talk at camp
- 74.5% said there are things they can only talk about at camp
- 99.2% said they made friends at camp
- Is Camp Dreamcatcher Important – YES – 100%

Thank You Camp Dreamcatcher® 2011 Volunteers
